

QSA ORDERING GUIDELINES

- QSA provides products in compliance with the rules of the Stoma Appliance Scheme. Orders which do not comply with scheme rules will be adjusted without notice.
- Products will be supplied per requested codes. It is the responsibility of the member to ensure that codes requested are correct. Products without a supplier product code or which have an invalid supplier product code will be removed from the order without notice.
- Once an order has been submitted, alterations may not be possible.
- If you require QSA to post your order, payment for the cost of the postage must be prepaid or payment details provide with submission. Where payment is not provided, or where the payment authorisation is not successful, your order will be processed as a pickup and held for collection.
- Dispatched products cannot be returned for exchange unless an error has been made by QSA. QSA must be notified of an error within 10 business days of receipt of order. Errors notified after this period may not be able to be corrected.
- Orders eligible for supply within the current month will be processed with an expected turnaround of 10 business days. Orders accepted for a future month are expected to be available for collection or dispatch by the 10th of that month.
- Orders must be received before the second last QSA business day of the entitlement month. Orders received after the second last QSA business day will be carried over to the following month of entitlement.
- A two-month ordering cycle is available to members who have had their stoma for six months or longer. Under Scheme rules, the two month cycle is required to be suspended for members during any period when the stoma-related products they order are subject to change or review, or when an Application for Additional Stoma Supplies (Medicare Form PB050) is in place for one or more products.
- Where multiple products are requested which serve the same purpose, the maximum amount supplied for each product will be prorated to the maximum allowance for that product group.
- A small range of pharmaceutical items is available for purchase from QSA. Please see <https://qldstoma.asn.au/wp-content/uploads/Non-listed-goods-updated-September-2022.pdf> for prices.
- SAS listed products are available for purchase outside of the Scheme. Please contact QSA to obtain a quote.

QSA recommends that the advice of an STN or medical practitioner be sought before using products which have not previously been used. Information provided by QSA about the availability and/or features of any product is not intended to be an advice or recommendation as to the suitability of that product for use.

Postage, packaging and handling rates (effective 1 January, 2023)

- | | |
